## 8. Conditions for participation

- The organizer will process the **first 8 applications**;
- The teams are made out of 4 (four) members - three contestants + cameraman; a team that does not have a cameraman will be assigned the same by the judges.
- The composition of the teams could be mixed (male-female) and the competitors of one team can be from different clubs.

## 9. Rules of competition

- Competitors perform the 3000m (+/- 50m) jump.
- On the first two jumps, the formation competitors form is a "star", in the third and fourth jump the formation will be "an open accordion" (open accordion) and in the fifth and sixth jump formation is "doughnut". In between everyone has to release and performs a 360° solo turn and then re-forms a character.

Every properly formed character brings one point. The maximum time stipulated for work is 35 seconds measured from the separation from the plane. All points scored after (35s) will not count. The maximum time for parachute deployment is 50 seconds (minimum parachute opening height is 750 meters). The team that does not comply with this rule will automatically end as disqualified.

- The judges evaluate the results based on the footage recorded by the cameramen as performing the jump along with the contestants. Only properly recorded points are judged and camera errors cannot be grounds for complaint.
- Number of jumps: max 6, minimum 4.
- In the case of the draw, the placement will be determined by the system where the team that has scored more points on the jump in which they scored the most points, and if the result is the same it will be compared to the next jumps in which the teams have made the most points until the placement has been made. If all the jumps are tied, the teams will share the ranking.
- Plane: C-182;
- Pilots: Mikać Nemanja, Mikać Rajko, Dudaš Arpad.
